Fox's Brook Culvert

2016 \$23,520 Conditions Assessment

Grant Recipient: Rockaway Borough

Location: Rockaway Boro.

The c.1826 stone arch culvert was constructed as part of the Morris Canal system, carrying canal boats over Fox's Brook. A roadway is now over the structure. The arch is part of a public park. The culvert is a contributing structure in the Morris Canal National Register Historic District.

The 2016 grant will provide for a Conditions Assessment and Recommendations Plan.
