Description:

Located to the south of Route 10, between Mountainside Drive and Mount Pleasant Turnpike, south of the Kmart Plaza, this 44.6-acre parcel protects significant acreage of wetlands and steep slopes in the Mill Brook Valley Greenway. The property is contiguous to approximately 90 acres of municipal open space and abuts potentially 40 plus acres of additional preserved open space on the lower elevations of Randolph Mountain. This acquisition would further allow for the expansion of trails throughout the township.
