Recommended Open Space Projects for 2009

Pompton Riverwalk - Phase III

Submitted by: Pequanock Twp.

Type of Acquisition: Acquisition in Fee Simple

Grant Amount: \$240,000

Description:

These two properties totaling approximately 0.4 acre are located on the Pompton River, on both sides of Route 23. Phase III is a continuation of a long term project to recover riparian buffers and flood mitigation along this river. Phases I and II were funded with assistance from the county open space grant program, and the majority of the properties in these Phases are now preserved. Acquisition will fill in the gaps between existing preserved lands, and further the goal of creating a linear park along the Pompton River.
