REDUCTION IN GRANT SCOPE

Ayres Farm House, Denville Township (2017 Grant)
The County Consultant, Ms. Dominique Hawkins and Ms. Amanda Gold of Preservation Design Partnership, joined the meeting by phone. Mr. Chang advised the Board that the applicant, Ayres/Knuth Foundation, had requested to remove certain items (floor finishing, kitchenette, window repairs) from the 2017 grant scope as additional work was required at the kitchen floor framing. Ms. Hawkins had advised that, as the work at the kitchen floor framing was not part of the approved scope, nor was it submitted for review at its execution, it would not be supported by the grant. Ms. Hickey, the applicant’s architect, indicated that the kitchen floor framing work had to be replaced, the work was labor and material intensive, and the detailing of the work was previously approved. Ms. Hawkins advised that the County would need an estimate on the additional work to see how it commensurates with the removed scope.

On motion by member Fast, seconded by member Engelbart, the Board voted to authorize the additional work pending receipt within one week from the applicant of the cost changes related to the scope removed and scope added.

Aye: Engelbart, Fast, Galate, Granbery, Kane, Scozzafava, Stokes, Wells
Nay: None
Abstain: None

Growing Stage, Netcong (2017 Grant)
Mr. Chang advised the Board that the applicant, The Growing Stage, had requested to remove certain items (exterior lighting, awnings at side entrances) from the 2017 grant scope as additional work was required at the roof ridge. Ms. Hawkins had advised that, as the work at the roof ridge was not part of the approved scope, nor was it submitted for review at its execution, it would not be supported by the grant. Ms. Hickey, the applicant’s architect, indicated that the roof ridge work was necessary to be able to proceed with the roof work. Ms. Hawkins advised that the County would need an estimate on the additional work to see how it commensurates with the removed scope.
On motion by member Fast, seconded by member Granbery, the Board voted to authorize the additional work pending receipt within one week from the applicant of the cost changes related to the scope removed and scope added.

Aye: Engelbart, Fast, Galate, Granbery, Scozzafava, Stokes, Wells
Nay: None
Abstain: Kane

Lake Hopatcong Train Station, Roxbury Township (2017 & 2018 Grants)
Mr. Chang advised the Board that the applicant, the Lake Hopatcong Foundation, had requested a change in scope without a change in grant funding. All grant scope are to be undertaken except the rear vestibule doors. Ms. Hickey indicated that the cost of terra cotta masonry was more than anticipated due to rise in labor and materials costs. As the project was streamlined between the 2017 and 2018 grants, the architect’s fees were also streamlined resulting in reduced fees of $2,320. The applicant requested for the reduced architect fees to be applied to construction costs. The applicant also indicated its commitment to make up the difference in order to complete the doors.

On motion by member Fast, seconded by member Engelbart, the Board voted to authorize the additional work on the terra cotta masonry and the removal of the rear doors from the scope.

Aye: Engelbart, Fast, Galate, Granbery, Scozzafava, Stokes, Wells
Nay: None
Abstain: Kane
