SUSTAINABLE TRAILS - The Morris County Trail Construction Grant Program will be conducting a **mandatory** orientation to review best practices of planning, designing, and managing sustainable trail projects. **This orientation session is required for all applicants submitting an application in 2018. Those who do not attend will not be eligible.**

The orientation will be conducted by a Mr. Larry Knutson of Penn Trails. Mr. Knutson provides professional trail consulting services for public and private agencies throughout the Mid-Atlantic region. The orientation will review trail planning fundamentals, phases of design, construction resources, and factors influencing costs.

2018 PROGRAM OVERVIEW - Immediately following the orientation, program staff will provide an update on the changes to the 2018 Trail Construction Program and review elements of what makes a successful application and project. This presentation will take place from 1:00 PM to 3:00 PM.

Lunch will be provided for those who stay for the Program Overview.
