## Stone Arched Bridge

2018 \$22,720 Conditions Assessment

**Grant Recipient:** Boonton Town

**Location:** Boonton Town

The 1866 Stone Arched Bridge served as a viaduct to provide fire protection for the Boonton Ironworks. The Arched Bridge is the only intact portion of the ironworks remaining. It now functions as a walking bridge and overlook for the Boonton waterfalls and is the only connection across the Rockaway River from the Grace Lord Park to the ironworks. The Bridge has been certified by the State of New Jersey to be eligible for listing on the New Jersey and National Registers of Historic Places.

The 2018 grant will assist with the preparation of a Conditions Assessment.
